

## ABOUT INDUSTRY

The global welding and cutting industry has been witnessing strong growth from various end-user industries. Asia-Pacific is the largest market wherein China and India hold the key for future market trends in welding and cutting equipment & consumables market.

Some of the major factors contributing the overall market growth of welding and cutting equipment include:

- Increasing demand from the offshore energy, automotive, engineering and construction industries.
- The growing demand for welders stretches across a variety of industries, including agriculture, mining, construction, transportation.
- Welding products find widespread application in industries such as aviation and marine, oil and gas, metals and materials.
- Robust growth in the building and construction industry all over the world is likely to propel growth in the upcoming years.

**The global market for welding machinery is projected to reach 24.4 billion dollars by 2022.**

Further, The 'Make in India' campaign is driving change, innovation and investment in new processes throughout Indian manufacturing. Rapid industrialization is the core reason behind the increase in global demand for welding and cutting equipment. Overall, the welding and cutting industry is poised for growth and is expected to excel in the coming years!

Keeping in mind the growth of Welding industry there is an urgent need for a Unified Business Platform which can connect the Welding Industry of India with the Global Welding Industry. It is this scenario that **CWE | IMEX series of exhibitions have become the ideal business platform to help the Indian manufacturing industry and fabricators for technology & knowledge transfer, identifying alternate suppliers of machinery & spares, new source of investments, face to face interaction with industry players, identifying new market opportunities etc.**

## ABOUT CWE | IMEX EXPO 2019

**The 9th edition of CWE | IMEX EXPO 2019, is being hosted by ITEI - The Indian subsidiary of ITE Group PLC (UK) from 20th-22nd September 2019 at Bombay Exhibition Centre, Mumbai, India.** It is supported by reputed industry associations and the 'World Metal Forum'.

It is an internationally renowned series of exhibitions focusing on cutting & welding technology, robotics, welding automation, welding consumables, laser technology, materials testing, non-destructive testing, machine tools and allied industries. It is the only comprehensive business platform serving the cutting, welding & laser industry and over the years, this leading business event has become the perfect platform for showcasing the entire spectrum of products and services relating to the cutting, welding, laser and allied industries.

**CWE | IMEX event has established itself as a "Business Festival of the Metal Working, Welding, Fabricating & Finishing Industry" and support the overall growth of manufacturing & fabricating industry in the country.**

## FEW HIGHLIGHTS

- Region's Largest Exhibition for Metal Working, Fabricating, Welding & Finishing Industry!
- Showcase Latest Equipment & Technology for the challenges faced by the Manufacturing & Fabricating industry
- Quality Business Visitors/Direct Buyers form the various business segments of Manufacturing, Metal Working, Metal Forming and Fabricating Industry
- Enhance Business & Establish Crucial Connections in Manufacturing Supply Chain across Various Sectors
- Overseas companies to establish manufacturing base & connections with Direct Buyers & Distributors in India

## MORE OPPORTUNITES AT CWE | IMEX 2019

**CWE | IMEX 2019** is planned with other specialized co-located exhibitions to serve as a Complete Business Carnival for Manufacturing & Fabricating Industries, like:

- HTF - for **Advanced Hand Tools, Power Tools and Fasteners**
- UMEX – for **Economical Pre-Owned Machinery in the industry**
- WOM – for **Metal Production, Processing and Metal Working Industry**
- TECHINDIA - for **Engineering and Manufacturing**

The said Biggest Business Carnival will have largest gathering of trade visitors from various segments of Manufacturing & Fabricating industry like **Steel | Metal Forming & Metal Working | Sheet Working | OEMs | Automobile | Sub-Contracting & Fabricating | Rail Coach Factories | Boilers | Heavy Engineering | EPC | Shipbuilding | more...**

**Block your dates for this Mega Business Festival scheduled during 20th-22nd September 2019 in Mumbai.**

**For more information on the exhibition, please log on to <http://cweonline.in> / <http://imexonline.com> or call us at +91 9911185378, +91 9654393213**
